

## Uplift North Hills Scholar Technology Accountability Form

### Introduction

Uplift Education provides certain scholars with the opportunity to use Chromebook computers to take home and use for education purposes. The scholars also receive training on proper use, storage, and care of the Chromebooks. To be permitted to remove the Chromebooks from school property for off school education purposes, all scholars and their parents/guardians must read, sign, and return this document. The purpose of this document is to clearly state the expectations for the care and use of the Chromebook. This is not a replacement of the Student AUP, but an addition to cover the special conditions related to Chromebook usage.

### Use of School Assigned Chromebooks

- I will be responsible for the reasonable cost of repair/replacement or its fair market value (see below) if I damage or lose the Chromebook.
- Loss or theft of the Chromebook must be reported to the school within 48 hours of occurrence. Incidents that happen off campus must be reported to the police and a copy of the report must be provided to the school.
- ***Chromebook repair/replacement requests are limited to one occurrence per scholar per semester. I accept that I may not receive another Chromebook, but I will still be accountable for all work assigned by the teachers.***
- If I fail to cover the cost of repairs or replacement in a reasonable amount of time, I accept that I may not receive another Chromebook, but I will still be accountable for all work assigned by the teachers.
- I will not disassemble any parts or attempt any repair on the Chromebook.
- I will not decorate, engrave, mark up, or otherwise alter the physical features of the Chromebook. I will not remove any Uplift applied labeling from the Chromebook.
- I will not vandalize and/or tamper with equipment, programs, files, software, system performance or other components of the Chromebook. I will not use or possess hacking software.
- I will not lend my Chromebook, nor borrow a Chromebook from any other scholar without my teacher's approval.
- I will be expected to bring the fully charged Chromebook back to school each day, unless instructed by my teachers.
- If I forget my Chromebook at home or school, I am still accountable to complete the necessary work as assigned by my teachers.
- I will only use my Chromebook for school related assignments.
