

Uplift Education and all of its schools are always grateful to have parents, family members, and community friends volunteer on our campuses. All of our volunteer activities are coordinated through Voly, a web-based volunteer coordination site. Even if you are not ready to volunteer on your campus, you can go ahead and create an account so when the perfect opportunity arises, you will be ready. All volunteers must submit to a background check prior to volunteering.

If you are just getting started, follow the instructions below to create your account and start volunteering.

### **Create An Account**
