Guidance for Tech Support

• During the week of 8/3, parents will receive an email from Uplift that contains a list of the ED Tech tools that are available for your scholar. This is a great place to look for assistance on accessing educational technology tools. If you have additional questions about any of the software programs, the best place to start is through your scholar’s teacher.

• If you need assistance with the chromebook or need to report damage to the device, please submit an email to edtech@uplifteducation.org. Please provide specific details about the issue. Also, please include your scholar’s name, school and grade level, and someone will reach out to discuss next steps to repair.
We have decided that during virtual school, scholars are not required to wear uniforms, but they must be appropriately dressed for school. Pajamas are not allowed.

Athletics

Uplift will continue to make decisions about what athletics could look like this school year based on the guidance from the CDE, Dallas and Tarrant Counties, University Interscholastic League (UIL), and the Texas Charter School League. The safety of scholars, coaches and families is the priority concerning any decision made in regards to athletics; however, we also know that there are many benefits to scholars participating in athletics.
