

HS MYP Math Summer 2021 Assignments

To access the summer assignment, enroll in the Schoology course associated with the class you will be taking during the 2021-2022 school year.

- Algebra I - 48PQ-PXGW-53GF2
 - Username: DemoAlgebra
 - Password: uplift2021
- Geometry - STDF-Q5SM-ZD7RH
 - Username: DemoGeo
 - Password: uplift2021
- Algebra 2 - GJKG-KWXN-B7QBH
 - Username: DemoAlg2
 - Password: uplift2021

The following information will be available on the front page of the Schoology course:

In this summer assignment, you will be sharpening math skills that your future teachers have identified as most important to early success in your upcoming math class. Those skills are different depending on which class you will be taking so be sure you are enrolled in the correct section!

Each skill has its own folder that contains the following:

- A folder of videos that help explain the topic
- The information to access the DeltaMath practice
- A quick short answer assignment

Your grade will come from the completion of the DeltaMath practice as well as the short answer assignments.

If you have any questions or concerns, please reach out to Julio Campos at jcampos@uplifteducation.org, or Madelyn Popp at mpopp@uplifteducation.org
