

Dear Uplift Parents,

We value and care for every single one of your children, and wish we were in school with them now! In these circumstances, we wanted to ensure you we are meeting as many needs of every scholar as possible. Thank you for continuing to trust us and partner with us as we teach your child together.

When it comes to continuing to expose your scholar to daily enrichment, we urge you to start with any of the Uplift YouTube sites. There are daily recorded teaching videos for each grade level and subject.

Below we have provided additional online resources specifically for your English Learner, you will find specific links by grade division. These recommendations are for at home activities, online learning platforms, and have been selected to enhance the scholar's listening, speaking, reading and writing skills. In addition to the online resources, the ESL team will be launching targeted YouTube sites in the coming weeks. These videos are supplemental to their subject area YouTube sites and are intended to enhance their learning.

The online and additional resources can be found on the Uplift website,

<u>https://www.uplifteducation.org/Page/16766</u>. As we find new and better resources, we will continue to update these documents.

In Partnership, Uplift English as a Second Language Team

Quick Online Resources:

- Resource to learn English: <u>BBC Learning English</u>, <u>Hello World!</u>, <u>ESL Video</u>, Duolingo (app)
