

# Fall District ACT

Next Tuesday, October 6, 2020, your student will take the ACT test in school. This exciting opportunity gives our scholars a chance to measure their readiness for life after high school, whether they're going to college or into the workforce.

We hope your scholars have a positive experience with the test. Here are some quick reminders to give your scholar before Tuesday:

- Make sure scholar knows current address as this is where the scores are sent.
- Follow all campus COVID 19 requirements to be able to enter the campus.
- **Be on time!!** Scholars who are not present when the test starts will not be able to test that day.
- Bring two sharpened No. 2 pencils with good erasers.
- Bring an ACT-approved calculator ([view calculator policy here](#))
- Get plenty of sleep Monday night.
- Eat a healthy breakfast Tuesday morning.
- Leave the cell phone in his or her locker.

Finally, remind your scholar why taking the ACT matters: it can help them get into college; it gives them information on careers they might enjoy; and their scores can lead to scholarship and financial aid opportunities. Scores will be mailed to the address provided on the ACT answer document within 6-8 weeks after testing.

Go to the [ACT general test tips page](#) for more information.

Our district is excited to give this opportunity to your scholars. Best of luck!
