<td>Report – Teacher Compensation and Recognition</td>
<td>J. Meer, Bellwether project leader, gave a review of work done to date and the initial findings. She noted that 500 out of 900 eligible Uplift teachers were surveyed. Initial findings indicate that fixing the pay gap between what traditional districts are offering teachers and what Uplift is able to offer is most important to teachers. Anisha Srinivasan discussed financial modeling thus far. Yasmin Bhatia noted the importance of communicating the compensation goals by winter break because of hiring season starting after break. Discussion emphasized the importance of the communication message from the CMO on changes.</td>
<td></td>
<td>Yasmin will finalize communication to staff to go out before the winter break.</td>
